WHY OFFICERS DO WHAT THEY DO:

- This is a new addition to our monthly report. It was brought to our attention that there are a lot of things that officers do on the job that the general public might have questions about. Each month we will try to explain some of the things that officers do during their shift.
- **Traffic Stops**
 - After observing a violation, officers look for a safe place to stop the offender. Officers don't want to make traffic stops on hills, curves or anyplace else where other traffic may present a danger. After stopping the offender, there may be a delay before the officer makes contact with the driver. Notifying dispatch of the traffic stop and doing a record check may delay the officer a few minutes before making contact with the driver. After making contact with the driver, the officer returns to his squad and may do additional record check and writing a citation or warning. Citations and warnings are done the squads computer and putting in the information takes time. It may take several minutes before the officer makes contact with the driver again to issue the citation or warning and to let the driver be on his way.
 - If you have anything questions about other things an officer does please let one of the DEOs know and we will try to address it in a future report.

INFORMATION BULLETIN

- IRS scams are still going around so please be aware of anything you think is a scam. A big thing to remember is that the IRS is going to use the postal service if there is going to be any contact. Another scam is getting a call from a family member indicating they are in jail, usually in another country, asking for bail money. If you receive a call that you feel is a possible scam **don't** give out any information and report the incident by calling **920-391-7450**, there is also on-line reporting at the Sheriff's Office web site.
- Just a reminder to keep all vehicles, homes, and outbuildings locked. We may trust our neighbors, but can we always trust the stranger that finds their way into the village. **DON'T** be a "soft target" for criminal activity.
- It is important to remember to call in any type of suspicious activity. With the recent string of thefts we have had some incidents that have not been called in when they happen. The sooner the activity gets called in the sooner we can get officers in the area and hopefully get this problem to stop. The number to call is **920-391-7450**. If it's an emergency always dial 911.
- The voicemail in the DEO office is now set up. We will be checking the voicemail throughout our shift. If you need an officer to come out please continue to use the non-emergency number listed above or below or 911 for an emergency.
- If there are any drug issues that you notice throughout the village and you would like to report them please call the **Brown County Drug Task Force tip line: 920-437-DRUG(3784)**. The tips that come in from the village will get sent and viewed by both DEOs. We can then follow up on the tips.

Village of Denmark Police Department

- If anyone has a police matter that isn't an emergency but you would like an officer to come out please use the non-emergency number: 920-391-7450. This is the easiest way to either get the Denmark DEOs or if they are not available you will get an available county officer. This also helps the Denmark DEOs track the type of calls and call volume. This is what we use to make our plans on how to patrol the village. If there is an emergency that needs law enforcement action please call 911.

Everyone stay safe and have a great month

DEO Dan Delebreau
